
FREE FLU SHOT CLINIC

FOR EVERYONE OVER THE AGE OF 6 MONTHS

- Getting the flu vaccine is important, given its similar symptoms with the COVID-19 virus
- The flu can be a serious disease and is very contagious. It can make chronic health problems worse
- The flu virus can change every year, so you should get the flu shot once a year
- The Flu vaccine is safe and the best way to protect you and your loved ones from the flu and its complications
- Appointments are required and clinics are open to non-clients

Please bring your health card. Wear a mask and reschedule if you have runny nose, sore throat, fever, chills or are generally unwell
